
Weld or sew keder to the outside of print size. On only the top and bottom of print.

Keder min. diametre: 8mm

BANNER PRINT TEMPLATE (UP TO 5MM THICK)
1950mmW

PRINT SIZE

1950mmW by 950mmH
This is the printed size of the banner. All important graphics should fit within this line.

IMPORTANT: For banners, be mindful of the area required for top and bottom keder (not required for the sides). Make sure the keder used is at least 8mm in diametre.
